

Academic Information

(Refer to the Adult and Continuing Education catalog for academic information related to accelerated programs.)

Academic Assistance

The Cornerstone Learning Center (CLC) at Cornerstone functions in a dual role, as both an academic resource center and a disability issues resource center. In the first capacity, the CLC will provide tutoring services, including formal Writing and Mathematics Labs, for the entire university community on an “as needed” basis. The center will also house advanced academic initiatives. In the second capacity, the CLC will be the contact point for all disability services on campus, academic and otherwise. Diagnostic testing is available for possible learning disability accommodations for students of the university.

The following courses offered by the Cornerstone Learning Center may be counted for purposes of financial aid, sports eligibility, and GPA, but do not count toward the total hours required by the institution for graduation.

Academic Honesty

The university is committed to a high standard of academic honesty among its students. Dishonesty in any form cheating on examinations or quizzes, plagiarism on papers and reports, and falsification of attendance or reading reports - is not acceptable. Penalties for academic dishonesty may include grade reduction or failure on the particular paper, test or assignment. Violations could also result in failure or dismissal from a class. Penalties are imposed at the discretion of the individual faculty member in cooperation with the appropriate division chair. The faculty manifests its confidence in the integrity of the student and encourages the student to exercise good judgment in fulfilling this responsibility.

Faculty members who suspect any of their students of “academic dishonesty” (cheating, plagiarism, etc.) should follow this policy:

1. Use sound judgment in responding to the student and the specific situation. In that response, the faculty member should deal with the student as he/she sees fit in congruence with the institution’s policy and within the guidelines of the course syllabus.
2. Allow students with grievances regarding faculty action in such cases to avail themselves of a request for review process through the appropriate division chair in keeping with policies stated in the catalog.
3. If a faculty member or dean deems that the student behavior warrants a broader and more comprehensive institutional response, that person (through the dean) may refer the student to the Student Development disciplinary system by contacting the V.P. of Student Development. Such referral should happen as quickly as possible to provide the students with a timely, fair and reasonable process, as well as to avoid any perception of the referral as potential reprisal for student’s use of the appeal/review process.
4. If such a request is made, that individual should avoid making recommendations as to the appropriate response to the student’s behavior, but instead state the reason(s) for referral and actions taken/pending up to that point.
5. The V.P. of Student Development (or designate) will initiate a disciplinary process to consider the accusations and an appropriate response. This process will be separate from any other process initiated/taking place in the academic arena. However, if the student is found responsible for the actions for which he/she was referred, the person/ group who conducts the disciplinary meeting may consider the academic penalty when formulating a disciplinary response.
6. After a disciplinary response is communicated to the student, that student has the right to request a review of the decision in accordance with the procedures outlined in the Student Handbook.

Attendance Policy

Students are expected to attend all classes. Class attendance is directly related to a student’s performance and performance is enhanced by class attendance.

Students who anticipate an absence due to official co-curricular participation should consult with the professor in advance and, if possible, complete any scheduled work in advance of the absence. Faculty or others in charge of a co-curricular activity will provide the faculty with a list of students participating prior to any activity that would remove students from classes.

All faculty are required to include an attendance policy in each course syllabus. In addition, faculty will record the absences of students in all classes. Whenever a student does not attend class in accordance with the attendance policy recorded in the syllabus, the professor will take appropriate action. The nature of the action should relate to the excessiveness of the absenteeism. Any student who misses 1/3 or more of the scheduled meetings of a class automatically fails the course.

As much as possible, official school functions that require student participation should not be scheduled as to require absence from classes. No official co-curricular participation may be scheduled during the final exam period.

Audit Policy

Students may audit courses for the cost of \$150 per credit hour. Audited courses do not include honor points (GPA) or credits toward graduation. Applied music and physical education courses are not open to auditors. Audit status does not count toward full-time enrollment.

Changes from credit to audit and vice versa will not be permitted after the first week of the semester (drop/add period).

Classification of Students

Students are officially classified according to the semester hours of credit they earn:

Freshman	1-25 semester hrs.	Junior.	58-89 semester hrs.
Sophomore	26-57 semester hrs.	Senior	90+ semester hrs.

Correspondence Credit

A maximum of 30 semester hours of credit earned by correspondence or extension may be applied toward a degree. Such work should be taken only from well recognized correspondence programs through accredited institutions. Currently, correspondence work is accepted from a number of accredited institutions. Check with the Registrar's Office for a list of approved courses.

Students interested in taking correspondence courses should receive approval from the Registrar's Office before registering for the courses. Correspondence courses intended to fulfill degree requirements should be certified as equivalent by Registrar's Office personnel before the course is taken and by completion of the transfer pre-approved form.

Course Changes

All adjustments of academic schedules are processed in the Registrar's Office when accompanied by a Drop/Add form signed by appropriate faculty member. Courses may only be added before or during the first week of each semester. Courses that are dropped will be recorded as follows on the student's record:

Before end of Drop/Add Period	No record on transcript
Before end of 10th week.	W - no effect on GPA

Dean's List

At the end of each fall and spring semester the Dean's List will be published with the following requirements:

1. A student must earn a 3.50 grade point average for that semester.
2. A student must be enrolled as a full-time student (12 credit hours).
3. A student must complete all courses by the end of the semester when grades are reported by the faculty. Any "incomplete" will remove a student's eligibility for the Dean's List.

Directed Reading (470)

Directed Reading is an option in the major or minor for students who possess a 3.00 cumulative GPA and who have reached junior class standing. Students must secure the permission of the faculty member with whom they will be working as well as the chair of the division in which the study will be taken. Eligible students must complete the application form as well as a proposal of the title, tentative bibliography, nature and scope of the work to be accomplished before registering.

For each credit of Directed Reading desired, 1,500 pages of reading are required. Grades of “A” through “F” are assigned. The student is responsible to assume the initiative in completion of the course. Directed Reading courses may not be substituted for courses listed in the catalog.

A Directed Reading course not finished in the semester for which the student enrolled may be given an incomplete with approval from the Chief Academic Officer or division chair. If unfinished by the deadline by which the incomplete must be removed (see Incomplete Grades), the grade will be changed to an “F.”

Faculty members are limited to a total of two Independent Studies and/or Directed Readings during a given semester. Division chairs will be responsible for determining the appropriateness of the study plan and credits to be awarded for the Directed Reading.

Disability Accommodation

The university will make reasonable accommodations for students with disabilities in compliance with section 504 of the Rehabilitation Act of 1973 and with the Americans with Disabilities Act of 1990. The purpose of accommodation is to provide equal access to educational opportunities to students with disabilities, and the university does not intend that academic standards be altered, nor that essential elements of programs or courses be changed. Accommodations are granted on the basis of determined needs and documentation of disabilities. In the event that students have questions regarding whether they are eligible for accommodation, how they might provide documentation of disabilities, or how they might handle a disagreement with a professor or administrator over questions of accommodation, the Director of the Cornerstone Learning Center should be contacted immediately.

Educational Policy

While all students must follow academic programs as listed in the catalog in effect at the time of entrance or readmission to the university, any changes instituted by academic policy councils or faculty decision becomes effective immediately unless otherwise stated and may differ from the entering catalog.

Field Practicum (Social Work)

In their senior year, Social Work students participate in a required field practicum experience under the supervision of an experienced social worker for a minimum of 400 hours. This provides opportunity for hands-on training and application of theory, knowledge, and skills to actual situations in a variety of settings. Student field practicum placements have included adoption and foster care agencies, crisis pregnancy centers, juvenile court, hospitals, nursing homes, child and adolescent group homes, community mental health and residential treatment centers.

To enroll in the field practicum, students must achieve senior status (i.e., completed 96 credit hours) and have approval from the Social Work Department faculty. Students register to take SWK 450 Field Practicum and SWK 451 Field Practicum Seminar concurrently.

Grades and Honor Points

The student's scholastic standing is indicated both by grades and honor points. The student earns honor points in accordance with grades as follows:

<u>Grade</u>	<u>Interpretation</u>	<u>Honor Points</u> (per class hour)
A	Exceptional	4.00
A-		3.70
B+		3.30
B	Good	3.00
B-		2.70
C+		2.30
C	Average	2.00
C-		1.70
D+		1.30
D	Below Average	1.00
D-		0.70
F		0.00
CR	Credit Received	W/E Withdrawn-failing
I	Incomplete	NC No Credit
W	Withdrawn	S Satisfactory
W/P	Withdrawn-passing	

Grade Point Average

The grade point average is computed by dividing the total number of credits attempted into the total number of honor or quality points. Credits and honor points are not given for courses in which the grades "W/P," "W/E," and "I" have been received. "W/E" is considered when figuring the grade point average.

The final transcript and diploma will record graduation honors as of the completion date of the student's entire program.

To be eligible for graduation honors for the Bachelor degree the student must complete 64 semester hours of credit in residence (32 hours for associate degrees). The grade point average will be calculated on work completed at Cornerstone University only.

For Honors in the Adult and Continuing Education program, please refer to the Adult and Continuing Education catalog.

Graduation Requirements

To be eligible for graduation, students must fulfill the following conditions:

1. General Education Core. Required for all majors unless otherwise specified. Where requirements for general education core differ from this listing, these core requirements are specified under individual majors. (Teacher Education students see additional requirements on page 245.)

1. Students in the Teacher Education program will not receive a graduation date and diploma until they complete their entire program, including student teaching.
2. Students who begin the Teacher Education program and decide to drop it must complete a departmental major and minor to fulfill their graduation requirements. Group majors/minors, planned minors and triple minor programs allowed for Education students are not allowed for students graduating outside of the Education program.

Students taking credit at an institution other than Cornerstone University for completion of Cornerstone University degree requirements must have their final, official transcript from that institution on file in the Cornerstone University Registrar's Office by the following dates:

<u>Graduation Date:</u>	<u>Transcripts due the following:</u>
December	March 15
May	August 15
August	November 15

Receipt of the transcript after that date will necessitate moving the graduation date to the next regularly occurring graduation date.

All Prior Learning petitions for credit must be processed by the Registrar's Office before students participate in the spring commencement ceremony.

Honors Program

The Cornerstone University Honors Program provides an opportunity for academically gifted students to enhance their educational experience through special sections of classes and close work with faculty members on individual projects. Central to the program will be the on-going dialogue between the "Great Book" of the Western Intellectual Tradition, and the Book, the Bible, upon which all our intellectual endeavors are based. Another strong emphasis will be focused preparation for graduate studies in each honors student's field of study. The objective of the program is to produce scholars who will take this synthesis of biblical and classically based education into their professional careers.

Admissions: 3.70 GPA and 26 ACT required for admission. Students will be admitted to the honors program up to, and including, their fifth semester. Transfer students may apply up to their fifth semester or its equivalent. Aggressive recruiting will be done for the National Merit finalist and semi-finalists and Advanced Placement graduates.

Curricular Requirements: 12 semester hours of honors courses must be taken in the general education core, 12 semester hours of honors courses must be taken in upper division courses and a Senior Honors Thesis/Project must be completed.

Program Benefits for Honors Students: Priority pre-registration, honors scholarships, on-campus housing (honors roommate), opportunities to participate in NCHC conference, advanced credit here (including a “break” in credit assignment), weighted GPA for honors courses, “honors” designation on transcripts and diplomas and graduation distinction.

Honors Scholarships: National Merit finalist and semi-finalists receive full tuition. In the second and subsequent years in the honors program, these Merit scholars receive the same amount of scholarship aid as all other members, dependent on their GPA.

Organization: Director of Honors - Tenured, terminally degreed faculty member (nominated by the faculty; appointed by the Academic Vice President) receiving a stipend or 3 hours per semester release from teaching load for the administrative work.

Honors Council: 3 or 4 faculty to assist Director in admitting prospective honors students, monitoring student progress and overseeing the senior honors thesis and appeals.

Eligible Courses: Only academic, not skills or professional, courses qualify for honors designation. Each division will submit a list of appropriate courses for honors designation to the Director of the Honors Program for presentation to the Honors Council for action.

Incomplete Grade

This is a temporary grade given for work that is passing in quality but lacking in quantity to meet course objectives. It may be assigned by the professor with the permission of the appropriate Division Chair under the following conditions:

1. A student is unable to complete his or her work due to illness or other serious physical impairment or other unavoidable circumstance, and
2. The student has done satisfactory work in a course and in the professor’s opinion can complete the work in a satisfactory manner.

This grade cannot be given for unsatisfactory work. Grade changes for incompletes from the spring semester must be turned in to the Registrar’s Office no later than August 15, grades from summer session must be turned in no later than November 15, and grades from the fall semester must be turned in no later than March 15. Every effort should be made to have the incomplete work completed in the shortest time possible following the close of the academic term in which the work is taken. Incompletes will be assigned an “F” grade after the above dates. A “change of grade” is possible if it is processed within one (1) calendar year from receipt of initial incomplete.

The student is responsible for initiating the process to receive an incomplete. The application for an incomplete is available from the appropriate Division Chair and must be completed with the appropriate signatures of approval by the Thursday of final exam week.

Independent Study (490)

Independent Studies are designed to challenge students academically with material not presented or undeveloped in currently cataloged courses offered at the university. Independent Study is an option for students in the area of their major or minor who possess a 2.75 cumulative GPA in the subject area of their study and who have reached

junior class standing. Students may receive a maximum of six credits of Independent Study during their studies at Cornerstone University. Students must secure the permission of the faculty member with whom they will be working as well as the Division Chair in which the study will be taken. Eligible students must complete the application form as well as a proposal of the title, tentative bibliography, nature and scope of the work to be accomplished before registering.

Grades of “A” through “F” will be assigned. The student is responsible to assume the initiative in completion of the course. Independent Study courses may not be substituted for courses listed in the catalog.

An Independent Study course not finished in the semester for which the student enrolled may be given an incomplete with approval from the appropriate Division Chair. If unfinished by the deadline by which the incomplete must be removed (see Incomplete Grades), the grade will be changed to an “F.”

Faculty members are limited to a total of two Independent Studies and/or Directed Readings during a given semester. Division chairs will be responsible for determining the appropriateness of the study plan and credits to be awarded for the Independent Study.

Internships

One of the distinguishing characteristics of the Cornerstone collegiate experience is completion of an internship. Recognizing that the classroom can never fully duplicate real-life circumstances, Cornerstone University requires students in every major complete either an internship, or for those students enrolled in social work or teacher education, a practicum or student teaching, respectively. A sample of organizations where interns have worked include the Mayo Clinic in Rochester, Minnesota; McDonald’s Corporation in Oakbrook, Illinois; Steelcase, Inc., World Publishing and Zondervan Publishing House, all located in Grand Rapids, Michigan; Perrier Group of America in Washington, D.C.; the National Weather Service in Grand Rapids, Michigan. Interns have worked in 15 different states, the nation’s capital and in South America.

To register for an internship a student must:

1. Properly complete the Application for Internship and the Course Request Form which are available from the Career Services Office.
2. Have achieved junior status, i.e., completed 64 credit hours (30 credit hours for a student enrolled in a two-year degree program).
3. Have a cumulative GPA of 2.00 or higher.
4. Have completed nine credit hours in the major or minor concentration where the internship credit is desired.
5. Select an internship in the student’s major. An additional internship may be chosen in the student’s minor if desired. No more than nine hours of internship credit can be counted in meeting major field requirements and no more than six hours in meeting minor field requirements.
6. Not take more than twelve hours of internship credit toward the 129 hours required for graduation and no more than six hours in any one internship experience.

Orientation for New Students

An orientation program is held several days before registration each semester to help students in their adjustment to collegiate life. A full schedule of information sessions, group discussions, and testing make it imperative that every new student be present.

Physical Education Requirement

Three hours of physical education will be required of all students in Bachelor degree programs. All students must take KIN 100 Foundations of Wellness, and then a one-hour activity course of their choosing. Two hours of physical education are required for students graduating in Associate degree programs.

A maximum of two credits will be awarded for participation in two different varsity sports or two years of active duty or four years reserve duty of military service. These credits will be allowed as physical education electives only. They may not be used to fulfill any part of the three hour general education requirements. Persons with military experience, described above, must take KIN100 (Foundations of Wellness). The division chair will give consideration to exempting students from the additional hour in physical education depending upon their activities within the military. Exemptions will be made for physically handicapped students who present doctor’s certification to the Chief Academic Officer.

ATTENDANCE POLICY FOR PHYSICAL EDUCATION ACTIVITY CLASSES:

1. An absence is an absence for activity classes regardless of the reason.
2. At the time the student misses class for the sixth time, the instructor will notify the student in person or by phone and in writing that he or she is now required to drop the class.
3. The student's responsibility is to obtain the drop form and obtain the appropriate signatures.
4. The student will be considered officially dropped when the signed form has been returned to the Registrar's Office. Failure to appropriately drop the class will result in a failing grade.
5. The dropped class will be recorded on the student's transcript according to the schedule under "Course Changes" in the catalog.
6. Any tuition refund will be made according to the schedule under "Withdrawal Refunds" in the catalog.
7. The student has the right of appeal through the division chair and during the appeal process should continue to attend class.

Prior Learning Credit

Students who have skills and prior learning experiences in disciplines of the university, may be awarded college credit. Students must have completed two years of full-time employment since high school and be able to document their learning. Workshops, seminars, licenses, professional schools, or other significant learning experiences constitute possible credit awards. An academic advisor works with students in identifying experiences for possible credit awards. Life-learning papers identifying significant learning experiences are read and evaluated by appropriate faculty members. Student who are interested in pursuing such credit must attend the Prior Learning Seminar coordinated by the Registrar's Office.

Registration Procedure

After acceptance, each student is assigned to a faculty advisor who offers counsel and direction and assists with registration. Every attempt will be made to assign a student to a faculty member in the student's major area of concentration. A schedule of registration and current course schedules are available on the C.U. website.

While the school offers help with planning a student's program, each student is responsible for meeting his or her graduation requirements. All students must register at the scheduled time and cannot be admitted to classes without formal registration. Students unable to complete their registration, according to the registration schedule, may register late through the end of the drop/add period. Academic records and transcripts are maintained by the Registrar's Office. Each student has access to his or her own personal file.

All continuing students are required to indicate their schedule for the coming semester during the scheduled registration period. This proposed schedule may be changed during the official registration procedure required of all students at the beginning of each semester.

New and re-admitting students are sent registration materials and notification of academic advisor prior to the official registration. They have the opportunity to register for classes immediately following the scheduled registration for current students.

Registration is held the day before classes begin each semester. Students unable to complete their registration on the scheduled registration day may register through the end of the drop/add period (one full week). A late registration fee of \$10.00 per day (not to exceed \$30.00) will be assessed.

Scholastic Probation, Academic Suspension and Academic Dismissal

Any student who does not earn for his/her work at Cornerstone University a cumulative grade point average in their classification of 1.50 or better for freshmen (0-31 credits), 1.70 or better for sophomores (32-63 credits), and a 2.00 or better for juniors and seniors (64+ credits) will be placed on academic probation.

The Academic Appeals Committee will notify each student placed on academic probation at the close of the semester. A student on academic probation will not be allowed to carry more than 14 credit hours and may be required to enroll in remedial courses. The purpose of probation is not designed to punish, but rather to serve as an indication to students that they are not progressing at a satisfactory rate toward graduation. Thus, co-curricular activities will be limited in order that more time is devoted to academic concerns. During the probationary period, the student will not be allowed to participate in higher-level student leadership positions and will be restricted to one extracurricular activity (i.e. athletics, drama production, or off campus music performances).

Students who, after one semester of academic probation, do not reach the cumulative grade point average outlined for their class standing will be academically suspended. Students on suspension may be readmitted after one semester (or other specified length of time) or by petitioning the Academic Appeals Committee. In addition, any student academically suspended for the second time shall be dismissed with the right of an appeal for re-admittance through the Academic Appeals Committee.

****NOTE:** There are standards of satisfactory progress related to financial aid and Veterans' benefits.

Teacher Education Program

Students may apply for admission to the Teacher Education program only after they have completed a year of college study. In addition, at least 9 semester hours must be completed at Cornerstone University, including at least 3 hours in the Department of Education. Transfer students, those entering Teacher Education late, and post-baccalaureate students must be admitted to the program if they seek teacher certification. Course work and the grade point average from other institutions may be used to meet admission requirements. For specific requirements, see the Division of Teacher Education on page 245.

Transcripts

Transcripts will be issued with written authorization from the student. Transcripts are regularly printed. Receipt of transcript fee is required before any transcript request will be processed. Requests held due to unsatisfactory financial status will be kept on file for one month. If the financial status is cared for in that time, the transcript will be sent as requested.

Information regarding a student, other than that of a general directory nature, will not be issued or distributed without prior permission from the student.

Transfer Credit

Applicants who are transferring from other colleges are required to have a transcript sent directly to the Admissions Office at Cornerstone University from all colleges previously attended. This is a condition for admission.

After being accepted for admission, an official credit evaluation is placed into the student's file with copies provided to the student and the academic advisor. Transcripts from foreign institutions will be evaluated by an outside agency. The student will be responsible for following the procedure required by that agency. Complete information is available in the Registrar's Office.

Cornerstone University will accept transfer credit from the following types of institutions:

1. All regionally accredited institutions.
2. All Accrediting Association of Bible Colleges accredited institutions.
3. Non-accredited institutions, if those institutions supply three letters of acceptance from regionally accredited institutions (to the Registrar's Office.)
4. These institutions due to the nature of their relationship with Cornerstone University: Bob Jones University, Spurgeon Baptist Bible College, and Word of Life Bible Institute since they have not met the above stated requirements.
5. Technical and vocational institutions in the area of liberal arts course work; however, other credits may be accepted in consultation with divisional chairs.

Students planning to take courses at other institutions to apply to their degree program at Cornerstone University should contact the Registrar's Office to verify the acceptance of these courses.

Transfer credit will not be given for remedial or non-college level work or for any course in which a grade lower than a C- was received. GPA does not transfer with the credit transferred.

Physical and biological science courses without labs are transferable, but a lab must be completed to satisfy departmental requirements for courses that contain labs.

Course work transferred will meet the requirements of any course if the course and its description indicate equivalency. No course work will transfer as upper level (300-400) unless the course is designated as such from the originating institution.

Credit transferred from schools that are on a quarter system will be transferred as .66 (2/3) semester hours for every quarter hour.

Transfer of Majors and Minors

Transfer credit will be granted such that the equivalent of a minor is the maximum allowable in any discipline. A complete major may not be transferred without permission of the appropriate Division Chair (at least 12 hours of the major must be completed in residence). An entire minor for which Cornerstone University has an equivalent may be transferred from another institution. A minor for which Cornerstone University has no equivalent may be transferred with the permission of the appropriate Division Chair if the requirements for the minor at the sending institution have been completed.

Veterans

Cornerstone University cooperates with the U.S. Department of Veterans Affairs in processing benefits for the training of honorably discharged service members. Veterans who wish to use the benefits should obtain the necessary forms and instructions from the nearest office of the Veterans Affairs or the Cornerstone University Student Financial Services Office.

It should be understood by veterans that they would be reimbursed directly by the Department of Veterans Affairs. Veterans should plan to pay their bills in accordance with the payment schedule.

The grade point average of veterans will be monitored at the end of each semester. Veterans who are placed on academic probation and fail to change this status within one additional semester will be reported to the Department of Veterans Affairs. (See Scholastic Probation, Academic Suspension and Academic Dismissal, page 67.) This action may result in termination of benefits by the Department of Veterans Affairs. If benefits are terminated, a veteran may reapply to the university for re-certification of veteran's benefits after the probationary status has been removed.

Veterans entering as transfer students will be provided a written statement of the number of credits accepted in transfer and the number of credits remaining that are required to complete the program in which they are enrolling. This information will be provided to the Department of Veterans Affairs. This information will also be provided to the student prior to submission of their enrollment certification and will be based on the student's stated educational plans as to degree program and major. This transfer credit evaluation may be subject to change should the student decide to change majors or degree programs.

Veterans having advanced educational training while in the military may submit their transcripts or educational records for evaluation for transfer credit. The recommendations in the Guide to the Evaluation of Educational Experiences in the Armed Services produced by the American Council on Education will be followed in the evaluation of such credit.

Withdrawal from Institution

A student who wishes to withdraw shall complete a withdrawal form, available from the Office of Retention. To complete the withdrawal process, the student should return the completed withdrawal form to the Registrar's Office. Any student leaving school during the semester without official withdrawal shall be academically suspended.
