

SUMMATIVE STUDENT EVALUATION

This report should be typed or produced on a computer. Section One should form the major part of the report, and should demonstrate the student's ability for critical self-analysis. Answers to the questions in Section Two can be relatively short. Please include your name and student number.

Section One: Evaluation of Personal Growth – Please answer all questions.

In which of these areas do you think you have grown as a direct result of your study program? Please give specific courses or activities that have aided in this growth, as well as supporting evidence for growth. If you feel that the courses did not help you to grow in some of these areas, tell how you think the program could be changed to help students more in a particular area.

Please choose a **rating** for each area, then write a **paragraph** of explanation:

1. Personal spiritual life:
Wonderful growth. Quite a lot of growth. Moderate growth. Little growth.
2. Ministry skills:
Much better equipped. Better equipped. Somewhat better. Not much improved.
3. Biblical knowledge and/or interpretation:
Extensive learning. Much learning. Moderate learning. Little new information.
4. Understanding of theology:
Really opened my eyes. Clarified my thinking. Helped some. Didn't help much.
5. Commitment to ministry:
Deeply challenged. Confirmed my commitment. Somewhat encouraged. Little change.
6. Building a network of ministry colleagues (choose a response to fill in the blank):
I made _____ I think will prove helpful to my future ministry.
many friendships quite a few friendships some friendships few friendships

Section Two: Evaluation of the Program – Please answer all questions.

1. What did you appreciate most about this degree program?
2. What disappointed you about your degree program? What could be done to improve the overall program?
3. What would you do differently if you were starting over? What advice would you give to new students starting the program?
4. Do you think the portfolio assignments helped you to think critically about your course work? What would you change about the portfolio? Should we omit it?
5. Will you recommend this program to your friends and colleagues? Why or why not?
