

Philip Bustrum, Ph.D.
Division Chair

Bible, Religion & Ministry DIVISION

Courses in the Bible Division prepare students to deal with foundational issues of life as well as give those who major in one of the Bible, Religion and Ministry majors excellent preparation for further study or vocational Christian ministry in a wide variety of areas.

Teaching from a strong biblical perspective, the courses enable a student to construct a Christian worldview based on Scripture and guide the student in developing ministry skills and spiritual disciplines for life. Students receive a foundational understanding of Scripture along with the tools necessary to study and apply Scripture for themselves.

The variety of majors and minors in the Bible Division give students an opportunity to design a program which fits their needs and expectations for the future. Majors in Ancient Studies, Bible, and Religion provide excellent preparation for seminary or other postgraduate training. Other majors in the division, Youth Ministries, Inter-Cultural Studies, and Bible, are designed to develop ministry skills for a variety of age groups and Christian ministries both domestically and internationally.

Bachelor of Science

The aims of the Bachelor of Science majors are to bring the student to a comprehensive understanding of the Bible as whole, to achieve reasonable competency in independent Bible study, and to develop skills in the communication and ministry of the Word of God.

It is designed for students choosing upon graduation to enter staff ministries such as youth pastors, assistant pastors, Christian education directors, Christian camp directors, missionary service or student ministries. The Pastoral Studies major is structured to provide training for those older students who desire to enter the pastorate but who, because of age, are not able to pursue a seminary degree.

The degree may also be elected by pre-seminarians who prefer a more extensive base of biblical studies than that offered in the B.A. majors or who desire to work in Christian ministry while pursuing further education.

These majors can lead to licensure, ordination or commissioning for Christian ministry by the student's church constituencies.
